A RUDE CHALLENGE

The "Rude" is the only spreader made that will spread a high arched or heaped load full seven feet wide and spread it evenly on the ground.

By dynamometer or scale test it has proven to be the lightest draft spreader made.

These are facts which we challenge our competitors to disprove by tests in the field.

Come and see the Rude. Ask the users in Clackamas County about it.

LAWYER FILLS BIG HOLLY ORDER FOR CALIFORNIA CHRISTMAS

Attorney Brownell Has Discovered a Large Market for Yuletide Foliage

George C. Brownell, who shipped a large amount of holly to the San Francisco markets, receiving 35 cents per pound for the same, has an order this year for 3000 pounds, and will receive 40 cents per pound. There is an unusually good demand for the bright colored foliage this year, and the Brownell holly has attracted much attention, especially by those passing his farm near Concord.

There are 625 trees laden with the scarlet berries, and after the thousands of pounds have been picked, the berries are seldom missed. The trees are eight years old.

Two hundred pounds were shipped a few days ago to supply the demand for Thanksgiving.
