MAYOR WILSON FINDS EAST PROSPEROUS

SAYS EASTERN BANKS HAVE
SURPLUS FUNDS—INTER-
EST RATES REDUCED.

OSWEGO, Ore., July 27.—(Special.)—After an absence of a month through eastern states, A. King Wilson, mayor of Oswego, has returned home and glad to be back on account of the intense heat and dust in eastern states, especially Pittsburgh. He visited Chicago, Toledo, Pittsburgh, Baltimore and Cumberland, Maryland.

He finds the east in a prosperous condition, financially. Many of the factories are making supplies for the armies of Europe. The banks have plenty of money. Pittsburgh banks having reduced the rate of interest on saving accounts from 4 to 2 per cent on account of surplus money, more than they know what to do with.

The most astonishing fact he encountered was nearly everyone he met while traveling in cities, had been in Oregon, or had relatives and friends here or read of it.

Many people mentioned the Columbia highway and places of beauty in and around Portland. Mr. Wilson was very pleased to know that the advertising had such good effect and was known in the east.

He was also asked many questions concerning woman suffrage and prohibition in the west and informed them both were working well in Oregon.

Mr. Wilson also found the bucket brigade in full force. He traveled over the Cumberland or National Pike for miles, this being built by the government, which invested about \$8,000,000 in same. It was opened in the year of 1818, extending from Cumberland, Maryland, head waters of the Potomac to the head waters of the Ohio river, Wheeling, Va. This road was the greatest highway built in America. Has by the side of it many attractive inns or taverns, which are still standing.

The state of Maryland has recently improved the road. The bridges are great stone arches. Four president of the United States have traveled over this road on their way to inauguration.

Mr. Wilson made two trips to Baltimore to interview the state engineers, as to the best material for surfacing roads at the present time, also the cost.

Maryland is spending millions of dollars on its roads, which are known as state roads.

In speaking of the intense heat and dust of the east, he stated that he cleaned his Panama hat three times while away and upon arriving home found it too dirty to be worn, and Mr. Panama was cleaned again.

Mr. Wilson went east over the Chicago, Milwaukee and St. Paul, and returned over the Northern Pacific, and was greatly delighted at finding cool nights in Oregon.

Taking Big Chances.

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowels complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.

THOUGHT THAT A CIRCUS HAD COME

COMMOTION CAUSED BY UNIQUE
METHOD OF COVEYING
FRIENDS TO HOME.

OSWEGO, Ore., July 27.—(Special.)—The people on Front street Wednesday morning thought that a circus had come to town, but found it to be our good friend, Mrs. Henry Atwater perched on the dash board of an old buggy driving her friends, Mr. and Mrs. Chas. Colley of Derby, Wis., to her home two miles northwest of Oswego.

Mr. Atwater had swiped the Ford to attend to business affairs in eastern Oregon, so Mrs. Atwater scoured her neighborhood for some means of conveyance in which to meet her friends from Wisconsin, and finally found a horse one place and a one-seated buggy another, put the two together and joggled along down the hill just a happy, if not more so, than in her machine.

Mrs. Atwater gave her friends the seat that they might get a better view of the beautiful country, while she perched herself on the dashboard to drive home, with all the grace and pose of a movie actress.

MR. WELLS OF LAKE GROVE HAS ACCIDENT

GASOLINE EXPLODES BURNING
VALUABLE PAPERS—RES-
CUED BY WM. DYER.

OSWEGO, Ore., July 27.—(Special.)—Mr. Wells of Lake Grove, met with a heavy loss this week. While starting his launch toward the head of the lake, not understanding all the machinery in his new launch, something went wrong, causing the 25 gallons of gasoline to explode, burning his launch, a suitcase of clothing and valuable papers. Mr. Wells jumped overboard before the flames reached the gasoline, and was rescued by William Dyer, of South Oswego, who happened to be near by with a rowboat. His neighbors sympathize with him in his loss.
