LARGEST NAVAL BILL IN WORLD PASSES SENATE

EIGHT CAPITAL SHIPS IN YEAR AND TOTAL OF 157 CRAFT ARE PROVIDED.

THREE-YEAR ANNUAL COST WILL TOTAL \$588,180,576

Government Armor Plant and Rebuilding of Four Federal Yards Voted—Long Struggle With House is Now Predicted.

WASHINGTON, July 21.—The naval appropriation bill, with a three-year building program, including the immediate construction of four dreadnoughts, four great battle cruisers and 18 other craft, passed the senate today by a vote of 71 to 8. It carries \$315,826,842, or \$45,857,588 more than the total as the measure passed the house.

Many proposals to curtail the enormous building increases written into the measure by the senate naval committee were defeated overwhelmingly and as soon as final passage was announced the senate voted to insist on its amendments and send the bill at once to conference. The house is expected to insist on its building program and a long struggle is in prospect before an agreement is reached.

With the proportionate number of scout cruisers, destroyers, submarines and aircraft, this program will cost for the first year \$315,000,000.

At the end of three years, the time set for completing the program, the United States will have added 157 war vessels of all types, and will have, in the opinion of United States experts, a navy superior to any other except England. The cost of the three years' program will be \$588,180,576 for vessels alone. The terms of the senate bill, however, have yet to meet the approval of the house.

Senator Swanson, in charge of the measure, expecting opposition in the house, has conducted a quiet campaign organizing the "big navy" forces for several days. He predicted today that, although there will be a warm contest, the house finally would adopt a measure similar to the senate.

In addition to the naval program, the bill provides a government-owned armor plant and the equipment of four navy yards—Pascagoula, Soud, Boston, Philadelphia and Norfolk—for the construction of battleships.

The largest previous naval bill was for \$260,000,000 by Great Britain in 1914-1915.

At the end of three years, the time set for completing the program, the United States will have added 157 war vessels of all types, and will have, in the opinion of United States experts, a navy superior to any other except England. Mrs. Mary A. Dean, Taunton, Mass., in her 87th year, says: "I thought I was beyond the reach of medicine, but Foley Kidney Pills have proven most beneficial in my case."

Mr. Sam A. Hoover, High Point, N. C., writes: "My kidney trouble was worse at night and I had to get up from five to seven times. Now I do have to get up at night, and consider myself in a truly normal condition, which I attribute to Foley Kidney Pills, as I have taken nothing else."

Mrs. M. A. Bridges, Robinson, Mass., says: "I suffered from kidney ailments for two years. I commenced taking Foley Kidney Pills ten months ago, and though I am 61 years of age, I feel like a 16-year-old girl."

Foley Kidney Pills are tonic, strengthening and up-building, and restore normal action to the kidneys and to a disordered and painful bladder. They act quickly and contain no dangerous or harmful drugs.

NEW ASSEMBLY AUDITORIUM WILL SEAT OVER 5000

BUILDING WILL PROBABLY HAVE GREATER CAPACITY THAN ANY OTHER IN STATE.

SURPLUS, SALE OF STOCK AND LOAN WILL PROVIDE FUNDS

Structure May Rise on Hillside Where Slope of Ground Will Aid Directors Offer More Stock to Hasten Construction.

A new auditorium for the Gladstone chautauqua, which will seat between 5,000 and 6,000 persons, completed in time for the 1917 assembly, is considered practically certain. Directors of the Willamette Valley Chautauqua association now have in cash over \$4,000 to be used toward the erection of the building. Stock can be sold to raise an additional \$500 or \$1,000 and the balance needed in its erection will be borrowed.

On the last day of the assembly which just closed \$2,075 was raised through the sale of 85 shares of stock. While dividends on chautauqua stock are not likely, all stockholders receive a season ticket annually.

Plans for the new auditorium are indefinite. Two suggestions are being considered: One that the new building be put on the site of the old auditorium, and the other that it be built back further in the park where the natural slope of the ground would make it possible to erect an auditorium modeled after the old Greek amphitheatres. The rostrum would be built at the base of the hill, while the seats would be ranged on the gentle slopes above.

The directors intend to erect a building which will accommodate the largest crowds. The structure will probably have a larger seating capacity than any building in the state. Instead of being circular in shape, as is the present auditorium, the new building will probably be rectangular, on account of the saving in room.

The association is now in better financial shape than it has been for years. Between \$800 and \$1,000 was cleared up on the assembly which ended Wednesday. Had it not been for rain last Saturday and Sunday, the directors are convinced that the surplus this year would have reached \$2,000 or even more. From other years, the directors now have an accumulated surplus of \$1,200.

Arthur McKinnis, aged 14 years, who was caught by Sheriff Wilson last week with a stolen bicycle, was committed to the state training school Monday and taken to Salem by Juvenile Officer Frost that night. Although at first he denied taking the wheels, he made a complete confession to County Judge Anderson Monday. His 10-year-old cousin, who was picked up by the sheriff at the same time, will be brought before the court Wednesday.

COMMERCIAL CLUB WIRES.

President O. D. Eby and M. D. La Tourette of the Commercial club Tuesday sent the following telegram to Chairman Gus Holmes of the Yellowstone Highway association: "Unable to attend, strongly endorse undertaking and hope for success." The local club was invited to send delegates to the meeting of the association in the Yellowstone park, July 24 and 25.

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."

—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Clackamas Profits Under Dry Reign

Clackamas county has profited financially under the prohibition law, according to the semi-annual report of county officials.

The county budget contained an item of \$3,000, creating a prohibition fund. Of this sum, \$455.47 was spent during the first six months of the year, including the salary of Deputy District Attorney Burke and all expense incident to the enforcement of the law.

On the other hand, the county has collected in fines in cases where violation of the dry law was charged a total of \$650, and costs amounting to several hundred dollars more. The heaviest fine levied in this county tax the six month period just ended was secured from Fritz Iyosen, proprietor of the Hotel Belle. He turned \$500 fine into the county treasury and \$162.50 in costs. The cost bill prepared by District Attorney Hedges was unique. It included the wages paid

the men who raided the Milwaukee resort and other items which seldom are put in a cost bill. In this way, the last Iyosen case did not cost the county a cent. The \$500 fine can be regarded as the net profits to the county.

Clackamas county spent during the first six months of the year \$119,477.89 for roads and highways, according to the report. The report shows that the
