SHERIFF WILSON IN MIDNIGHT RAID TAKES ELABORATE STILL

Sheriff Wilson, in company with a special revenue officer of the government, made a successful raid on an illicit still about midnight Monday night, confiscating the still and several gallons of moonshine whiskey, besides a barrel of cornmeal mash, the latter being destroyed after a sample was taken for purposes of evidence.

Glegor Vassileff, a Bulgarian, was found in the cottage which housed the still and which is located on the Estacada car line near Stanley station. He was placed under arrest and upon being tried before John Loder Wednesday pleaded guilty and was fined \$50.

The still which was confiscated was one of the most elaborate of any that have been taken since the enforcement of the dry law, and was most artfully concealed in the kitchen of the cottage where it was found. It was so constructed that all fumes from the boiling mash were prevented from escaping, and although it is thought probable that the operators have been conducting their illicit business for several months neighbors were totally unaware of the presence in the neighborhood of the illegal business.

A partner of Vassileff escaped shortly before the arrival of the officers.

Mrs. M. D. Bigham, widow of the late George Bigham, of this city, died at the Ashland hospital at Ashland, Oregon, Wednesday night at 11 o'clock after a brief illness from heart disease.

CITY COUNCIL GRANTS CANBY BUS ORDINANCE

At the regular monthly meeting of the city council held Wednesday evening in the council chambers the ordinance recently presented by M. J. Lee for the operation of a bus service between this city and Canby was brought up for second reading and final passage, and passed without a dissenting vote.

A motion recommending the cancellation of an assessment against the real property of A. Simmons, for which he made appeal some time ago, was referred to the city attorney and the Finance committee. Mr. Simmons asks the cancellation of the assessment on the ground that a change in the street grade in front of his property has created an expense to the city which is not of his making and which he therefore does not feel justified in paying.

City Health Officer Dr. Norris reported that during the past month there have been four cases of diphtheria in Oregon City, two of which resulted fatally and two recovering. One case of smallpox still remains in quarantine. Dr. Norris reported that the one remaining case will be in quarantine for about 18 days.

Discussion of a grocery bill presented by Mr. Brightbill for groceries furnished a family by the name of Kidder while they were in quarantine for smallpox was referred to the city attorney for investigation. It was shown that the Kidder family lived on foot that was out of all proportion to their condition and for this reason the bill was held up in order that an attempt may be made to collect the bill from Mr. Kidder.

The Western Union company was granted a permit to put up an electric sign over the street on Main street at their place of business.

A motion to order the change of parking position without notifying the drivers was voted down because of a previous promise on the part of the council to take the matter up with the drivers when a change should be proposed.

A proposal to change the hours of operation of the city elevator in order that the operators might be able to have lunch periods and lengthen the hours of operation to approximately 12:30 in the morning instead of 10 p. m., as at present, was voted down. It was found in discussion of the proposition that it would be necessary to close the elevator to the public for two hours at different times during the forenoon and afternoon and that such an arrangement would create a hardship to the public that would not meet with approval.

The Street Superintendent was ordered to effect a careful survey of all sidewalks and crosswalks in the city and report their condition in order that any found unsafe or out of repair might be attended to.

Upon motion by Councilman J. J. Tobin the council adjourned to meet on special call on Monday evening, Sept. 8.
