

ROAD MEETING TO BE HELD AT MOLALLA TO HOLD MUCH INTEREST

One of the greatest road meetings ever held in Clackamas county will be at Molalla on Saturday, September 6, and will be in the form of a big celebration. The object is to bring together the people of Clackamas county of the various sections to interest them in building of good roads.

The committee having charge of the affair, of which Gordon Taylor, editor of the Pioneer, of Molalla, is chairman, is arranging a program that will be the means of drawing many people of that place on that day. A band will be secured from Portland, and there will be airplane flights, as well as speaking by some of the leading boosters for good roads. Several of these will be from Portland.

In order to allow the people to attend from this section of the county, the Willamette Valley Southern Railway Company is to have a car leave that place at the conclusion of the program, which will be about 6:30 o'clock, although the exact time has not yet been decided upon. This matter was taken up with the president of the company, Judge Grant B. Dimick, the superintendent, J. L. Stacer, and the traffic manager, Edwin Foster, Thursday afternoon, and these men were in favor of operating the car at that time. There will be no special car to Molalla on that day, and those desiring to go from here or Portland will go on the regular trips of the car, returning if they desire on the last car, which will remain over for several hours to bring the visitors back.

BLOOD STAINED AUTO ON TRACKS HOLDS MYSTERY

A Chevrolet automobile bearing the license number 29163 and registered under the name of C. C. Palmer was found this morning by Deputy Sheriff Hughes along the Southern Pacific tracks just off the crossing near the St. Agnes baby home. The machine evidently caught in the tracks while going over the crossing and before it could be stopped traveled several yards along the railroad. The windshield was shattered and the back seat was literally torn from its place. There was a pool of blood on the running board, and it is thought by the officials here that the driver was severely injured, although no trace of the person or persons occupying the car can be found.

The car was driven at a good rate of speed at the time of the accident, as shown by the violence of the shock to the machine when it caught in the tracks. One explanation is that the machine might have been stolen from its owner and the thieves were making a getaway when the accident occurred. Officer Hughes has the machine in charge. No exact time of the accident can be learned.

FRENCH LOSE ONE IN FOUR

PARIS, Sept. 2.—Captain Andre Tardieu, speaking for the government during the debate in the chamber of deputies this afternoon on ratification of the German peace treaty, said the French war losses constituted 25 per cent of the men mobilized. Fifty-seven per cent of all men with the colors under 31 years of age, were killed.

No other race of animals can show such a history as the black oxen that draw the funeral cars of Japanese emperors. They are of a special breed, and for centuries have been kept for the sole use of the imperial family.

A Creditable Showing

Among the institutions of the state doing a work that entitles it to a high meed of praise is the Louise Home in Portland, conducted for the care of unfortunate girls. The report of this institution for 1918 shows that 109 girls were received for maternity.

These girls came from twenty-one counties of the state. Multnomah county, having the largest population in the state, contributed 40 to the membership of the home. It is a matter of sincere gratification to this county that, although ranking third in population, only one girl from Clackamas was received during the year. While this was one more than it should have been it is a sure indication that home surroundings in Oregon City are wholesome, and that home, school and church are united forces in upholding the moral tone of the community.

DEPUTY HACKETT IS NOW OWNER OF FULL-BRED SLEUTH-HOUND

Criminals, robbers or others contemplating activities in this county from now on should hesitate before coming to Clackamas county.

Chief Deputy Hackett, in Sheriff Wilson's office, has bought a blood-hound, and the animal is trained to trace everything from a chicken to the most desperate criminal on short notice. Deputy Hackett has the dog chained at his home in Green Point, and the dog is about a year old. Incidentally, according to Mr. Hackett, he is a one-man dog, and refuses to be approached by any other than his master.

PASSENGER PLANE HAS EMPTY SEATS ON INITIAL TRIP

TOLEDO, O., Sept. 2.—Alfred W. Lawson, with nine passengers aboard his giant airplane, capable of carrying 26 passengers, left here Monday afternoon for Cleveland en route to New York.

Lawson, from Milwaukee, landed in Toledo Sunday with eight passengers. Lawson is picking out suitable stops for his proposed New York-Chicago-San Francisco air route which he declares will be in operation before another month.

PRINEVILLE, Sept. 2.—Seventeen cars of beef cattle, the record one-day fall shipment of cattle, were sent out over the city of Prineville railroad Saturday.

Cattlemen who had cars in the shipment for market were: G. W. Jacobs, T. J. Houston, Bridge Creek Cattle Co., W. I. Dishman and J. F. Sigfried.

GERMAN-JAPANESE RUSSIAN ALLIANCE LOOMS ON HORIZON

DETROIT, Mich., Sept. 2.—A German-Japanese-Russian alliance threatens unless the blockade against Russia is abandoned, Gregory Selberg, secretary to the ministry of labor under Kerensky, said here today. Selberg said Russia must have the tools of industry and that Japan and Germany are making overtures to furnish them.

"An alliance of Germany, Russia and Japan is inevitable unless we are enabled to buy American goods," Selberg said.

FRENCH BEAUTY IS BEING SOUGHT FOR MURDER OF OFFICER

BERLIN, Aug. 29.—"Cherchez la Femme," is the watchword of the Berlin police, in their hunt for the slayer of Lieutenant von Phuekow, who was found hanging in his room at Potsdam, his feet, hands and elbows strapped. The lieutenant wore a woman's corset and long white gloves. On the table was the picture of a beautiful French woman. Friends of the victim, who had visited him in his room shortly before his death, say the picture had not been there before. Detectives are working on a "vengeance" theory. It is believed several murderers had a hand in the tragedy.

COOS BAY HAS NEW SUBSTITUTE; ALCOHOL AND ETHER HAVE KICK

MARSHFIELD, Sept. 2.—Henry Lostwick has a fine new substitute for liquor, according to the police. The trouble with it is that it isn't confined to the government two and a half per cent; hence, Henry is in difficulties. The new substitute contains 67 per cent alcohol, the remaining 33 per cent being made up of ether. The two combined make a powerful drink.

President's Daughter in Gown Given to Her by Girl Friends in Brest

Miss Margaret W. Wilson

As a token of friendship French girls of Brest designed, embroidered and made a gown for Miss Margaret Woodrow Wilson, eldest daughter of the President. This hitherto unpublished photograph shows Miss Wilson wearing the graceful garment.

TUMBLE IN COST OF HOGS AFFECTS OTHER STAPLES

CHICAGO, Aug. 28.—Chicagoans today saw their efforts against the high cost of living rewarded by a steadily declining price list.

With hogs selling at the stockyards here \$3 lower than they were three days ago and \$5 less than the record price reached July 31, practically all other food commodities in local markets showed lower figures.

Reason for the slump in living costs was given as a desire by packers to quit killing livestock while housewives continue to use sparingly of fresh meats. Meatmen farmers continued, to ship stock to the Chicago markets, fearing further lowered prices. Consequently pens were crowded beyond capacity, the effect of the abundance being felt in other lines.

ASTORIA LEGION IN MEETING PLANS FIGHT TO DRIVE OUT REDS

ASORIA, Sept. 2.—At its meeting last night Clatsop post, No. 12, American Legion, authorized the employment of a paid secretary to carry on its fight against Bolshevism and Americanism. Permanent quarters will be opened, and a part of the secretary's duties will be to see that ex-service men are placed in the more attractive positions.

The case of Hannes Huttule, alleged slacker, who is accountant of the union Fishermen's Co-operative Packing company, came up again and the secretary was instructed to take necessary steps to have him replaced by an ex-service man.

EXCURSION SPECIAL IS DITCHED; NO ONE HURT

PORTLAND, Sept. 1.—Thirteen cars composing the Seaside train which left Portland at 8:30 this morning, went into the ditch near Deer Island beyond St. Helens.

It is reported by the S. P. & S. company that no one was injured. According to the report received at the North Bank offices here, a serious accident was averted because the train had not attained full speed.

The cause of the derailling is not yet known, although there is a probability that highway paving operations under way on both sides of the track may be accountable in some way for the mishap, according to the officials.

GENL. PERSHING CUTS INTERVIEW IN PARIS SHORT

Paris, Aug. 29.—General Pershing, commander-in-chief of the American Expeditionary force in France, today declined to recognize the right of the congressional committee on war expenditures and treatment of prisoners to question him for information.

The "interview" between General Pershing and the congressional committee lasted only four minutes.

The meeting was arranged for ten o'clock this morning at the General's headquarters, but when the committee arrived they found General Pershing absent.

General Pershing had gone to say good-bye to Premier Clemenceau and it was 10:20 before he reached his headquarters and confronted the impatient investigators.

General Pershing, who is busily preparing for his departure for home next week, said he regarded the interview as purely a "social call," but the members of the committee took another view of it. The American commander explained that he was very busy and, in any event, the records of the army transactions had all been shipped to Washington.

After the conference members of the committee denied that it had been a "social affair." It was plain business, they said. The committee explained that they felt they had the right to go to the highest authority in their attempt to secure information on military affairs.

NEW DISCOVERY MAKES WIRELESS TELEPHONE WORK ON LIGHT WIRES

NEW YORK, Aug. 29.—The successful application of alternating current to wireless telephony, which will make it possible for any person to "plug in" a pony wireless panel into an ordinary lamp socket and talk through space from house to house or city to city, is announced by Dr. Lee de Forest, "hum," which has made alternating current impractical in the past and caused the use of direct current, necessitating high-powered generating stations, has been eliminated by his new device, the inventor said.

STATE MEDALS TO BE AWARDED SERVICE MEN ON NOV. 11TH

In a letter received by the secretary of the local chapter of the American Legion from Dow V. Walker, state president of the organization, the local secretary is requested to assist the State Council of Defense in its attempt to furnish a complete list of all enlisted men in the state to the State Historian, and solicit the cooperation of the local chapter in making up the list of service men in Clackamas county.

The object of these lists is for the purpose of enabling the State Historian to make a complete compilation of Oregon's men in the service during the world war, and also to make possible the awarding of State medals for service, which the State Council of Defense hopes to be able to make on the 11th of November, the first anniversary of the signing of the armistice.

AMERICAN AVIATORS FORM ESCADRILLE TO FIGHT FOR POLAND

PARIS, Aug. 28.—General Rosevedski, chief of the Polish mission in Paris, today formally authorized Major O. E. Fauntleroy of Chicago and Capt. M. O. Cooper of Jacksonville, Fla., to form a flying corps to fight with the Polish army. It will be known as the Kosciuszko Escadrille and will correspond to the Lafayette Escadrille that fought with the French during the war.

The squadron will be limited to nine pilots. In addition to Major Fauntleroy and Capt. Cooper the following Americans have already enlisted: Geo. M. Crawford of Wilmington, Del.; Kenneth Shrewsbury, Charleston; Charles L. Clark, Tulsa, Okla.; C. Arsi of New York. All are expert pilots.
