CHERRYVILLE

As the days begin to lengthen the cold begins to strengthen.

Twelve above zero the first of the week one morning, which is a good start for real winter.

The funeral of Miss Lulu Thompson, oldest daughter of Mrs. George Plyer, occurred here last Friday.

The deceased came to her death from tuberculosis, from which she had been a sufferer for the last six months.

At the time of her death she was fifteen years and three months of age. The interment was at the cemetery here, the services being conducted by Rev. W. S. Runyan.

C. W. Harris went to Portland last Saturday, returning home after New Year's day.

Make a good resolution and keep it!

The New Year stretches peacefully before us and there is every indication of it being a prosperous and peaceful year.

The parents of Walter All, who live three miles west on the main auto road from Portland, received a letter from Walter, stating that he went over the top and escaped without a scratch. He is now with the army of occupation on the Rhine. He learned the "Watch on the Rhine" from his parents, who came from near the Rhine, but never had any idea he would literally be watching on the Rhine.

Sixty miles of immense big mines laid in the North Sea, all loaded with T. N. T., the most deadly explosive known, was just completed by the U. S. navy, when the war was stopped. They cost more than a million dollars and will now have to be taken up and a nasty and dangerous job it will be too. One of these days mankind will quit killing each other and devise plans and furnish funds to help the worthy poor to live in peace and plenty. In other words, "we will cease to do evil and learn to do well."

The Metropolitan magazine, an ardent Roosevelt republican organ, says the old standpatters must not control or organize the next upper and lower house or they will go down to defeat in 1920. As a matter of fact the republicans in order to fill their war chest, will have to obey the money kings in order to get a big campaign fund, as their plan is to debauch the electors by the lavish use of money, the same as they did in 1916, and every preceding election for the quarter of a century. Their platform will be cunningly worded to hold out the hope to the unsophisticated, but their program will be to build up the rich and powerful world-without-end while the poor will be allowed just enough to live on plainly.

A plan is on foot to unite the Christian churches in the simple creed of right living and an obedience to God as revealed by the teachings of Christ. This idea is receiving the support of very many able and devout men. Rev. Washington Gladden of Columbus, Ohio, who recently died, was an earnest advocate of this movement. He was probably one of the ablest and best informed theologians in this country, and his book, "Who Wrote the Bible?" contains a world of information, and sheds light on much disputed ground.

School began again this week with New Year's day omitted as the "flu" excitement has just about passed away.

The district east of us has contributed over \$8500.00 the past year in Liberty Bonds and War Savings stamps, besides nearly \$300.00 on Red Cross and United War work. This district contains two big saw

mill outfits, employing over 60 people who are drawing good wages and are surely a patriotic bunch. The success of this war work is largely due to the earnestness and enthusiasm of G. W. King, ably assisted by Anton Mikelsen, one of the proprietors of the Sandy Lumber Co.

I AM GLAD TO ENDORSE PERUNA

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."
