

You Can Make Excellent Cake with Fewer Eggs

Just use an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way

1 cup sugar
1/2 cup milk
2 cups flour
2 teaspoons Royal Baking Powder
3 eggs
1/2 cup shortening
1 teaspoon flavoring

New Way

1 cup sugar
1/2 cup milk
2 cups flour
4 teaspoons Royal Baking Powder
1 egg
2 tablespoons shortening
1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Royal Baking Powder together two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth, pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

ROYAL BAKING POWDER

made from Cream of Tartar, derived from grapes.

No Phosphate

COUNTY AND CITY LOCALS

Mr. and Mrs. William C. Baker have returned to their home at Spokane, Wash., after enjoying a visit in Oregon City as guests of Mr. and Mrs. R. D. Wilson. Mrs. Wilson is an aunt of Mrs. Baker.

Mrs. H. J. Harding of this city has been visiting for several days this week with her sister, Mrs. M. E. Smock, at Sherwood.

Neal & McClatchie make a specialty of repairing watches, clocks or anything pertaining to the jewelry business.

Edward Ripple was among the business visitors in the county seat from Estacada late last week.

Kent Wilson, son of Sheriff and Mrs. W. J. Wilson, manages to spend many of his leisure hours at home. Kent stopped his work at the state university when the troops were called out and is serving as a member of the hospital corps at Vancouver. He enlisted when the troops went to the border last summer.

Mrs. M. Epperly of Hillsboro has returned to her home after spending several days as a guest of Mr. and Mrs. C. D. Latourette.

Mr. and Mrs. J. R. Latourette of

Portland were week-end guests at the home of the former's parents, Mr. and Mrs. C. D. Latourette.

John Matheson, a student at the O. A. C. at Corvallis, spent the Easter vacation with relatives in Oregon City.

Optometry means eye service. Mrs. Angus Matheson is a guest at the home of Mrs. J. R. Williams, having arrived late last week from Powell River, B. C., where the Matheson family is making its home. Mrs. Matheson was joined here by her son, John, who is a student at the O. A. C.

Miss Ruth Gregory, sister of Mrs. H. B. Cartledge, has returned to her home at Seattle after spending several days at the Cartledge home in this city.

Miss Meta Goldsmith, a member of the faculty at the state university, was in Oregon City on Sunday for a brief visit with her grandmother, Mrs. A. Goldsmith. Miss Goldsmith continued on to Astoria, where she spent the Easter holidays with friends.

Miss Ella Williams has returned to her home at Mount Pleasant. Miss Williams has been enjoying the winter months as a guest of her brother, Wallace Williams, at North Yakima, Wash.

Optometry means eye service. H. N. Everhart, brother to County Assessor W. W. Everhart, was transacting business in the county seat on Monday. Mr. Everhart is a deputy assessor in the Molalla district, where his home is.

H. B. Cartledge was removed to St. Vincent's hospital in Portland on Saturday evening after being confined to his home for some time. It is understood that Mr. Cartledge is recovering.

J. F. Dowley of the Sandy country and M. A. Deaton, of the Clackamas County State bank of Sandy, were county seat visitors from that neck of the woods during the week. C. I. Kropp of Hubbard spent Saturday in Oregon City transacting business.

Samuel DeVore and Hiram Wilcox came to the county seat on Monday to transact business; that they had hoped to be able to do by this time in the county seat of Cascade county.

R. W. Rose, W. A. Beck and O. W. Melton were counted among those who came into Oregon City from Molalla within the week.

John Herman was a county seat business visitor from Sherwood on Saturday.

Neal & McClatchie Jewelry store is five doors west of elevator.

Mrs. Charles Childs of Brownsville has returned to her home there after spending some time as a guest of Mr. and Mrs. C. A. Nash, her foster parents. Mrs. Childs was formerly well-known in Oregon City as Miss Mary Sandstrom and she came to bid Mr. and Mrs. Nash goodbye on the eve of their departure for the east.

W. H. Dougherty, Molalla stockman and farmer, was in Oregon City on Tuesday.

Miss Mary Mattley, a student at the state university, returned to her home here this week to spend the Easter holidays with her parents, Mr. and Mrs. J. H. Mattley.

Mrs. Nettie Gramwell was in Oregon City visiting friends on Tuesday and has returned to her home at Eugene. Mrs. Gramwell was formerly a resident of Oregon City.

Mr. and Mrs. C. A. Nash, the latter formerly assistant postmaster here and the former a well-known dairyman, have departed for their new home near New Era, Mich. It is not the intention of the family to remain permanently in Michigan and they have retained their possessions and interests in Clackamas county. Mr. and Mrs. Nash lived in Michigan before coming to Oregon City. They were the recipients of many social courtesies before they left here on Tuesday.

Mrs. J. R. Getchell of Valley City, North Dakota, left today for Eugene, where her husband and daughter have preceded her to establish their home. Mrs. Getchell, while in Oregon City, was a guest at the home of Mr. and Mrs. Frank Moore. Miss Josephine Moore, a student at the state university at Eugene, was here with her mother for a few days and returned to Eugene with her.

NUNN IS ENGINEER

Highway Commission Names Multnomah County Man to Job

Herbert Nunn of Multnomah county was Tuesday selected by the state highway commission as state highway engineer. The commission announced that Mr. Nunn was selected on his past record as an able road engineer, an exceptional administrative officer and organizer, and on his ability to handle highway work with a minimum amount of engineering costs.

In offering a motion to name Mr. Nunn for the position, Mr. Thompson said that numerous requests for grades, alignments and engineering advice were piling up on the commission from all parts of the state, and that it was imperative that a state highway engineer be named at once. The selection of Mr. Nunn was unanimous on the part of the commission.

The commission attended good roads meetings at Woodburn and Silverton in the afternoon. In the evening they resumed their session with the newly elected engineer in attendance. Mr. Nunn said that he probably would leave his post as Multnomah county engineer within the next two or three days. He said he had no idea who would be his successor. The commission reported that where a law requires the county to prepare a road before it is hard-surfaced that the hard surface would include the base. This means that a county will merely need to bring a road to grade and drain it before the state applies the hard surfacing.

CONDEMN BONDS

Harding Grange Resolution Doesn't Believe Farmers Would Benefit

The following resolution condemning the proposed bond issue for good roads was adopted by the members at Harding grange hall, Logan, on April 7:

Whereas, The state legislature has seen fit to refer to the people of the state of Oregon the \$6,000,000 bond issue;

Whereas, The press of the state make it appear that the farmers would receive the most benefit from the proposed highways improved under this act, and

Whereas, Careful consideration of the measure convinces us these claims are unfounded, and that we believe farmers, the paying combines and allied interests would be the main beneficiaries;

Therefore, Be it resolved by the farmer members of Harding grange in regular session assembled this 7th day of April, 1917, that we are unanimously opposed to the proposed \$6,000,000 bond issue. (Signed) Louis Kohl, Louis Funk, O. D. Robbins.

RALLY ARRANGED

Boosters From All Over State Meet in Portland April 28

The legislative good roads committee has decided to hold a state-wide good roads rally in Portland, Saturday, April 28. Every organization in the state favorable to the road bond bill is invited to send representatives to this gathering. The committee has taken up with the various transportation companies the matter of securing a special reduced rate for those attending the rally. Reports from Astoria and several points in eastern Oregon are to the effect that the good roads enthusiasts of those sections are planning to charter a boat or special train and come to Portland in large numbers, accompanied by bands. Similar large excursions are in prospect from other points. There is every indication that the rally will prove the most notable gathering of good roads boosters that was ever held in the Pacific northwest. Definite announcement of a program and speakers will be made later.

COUNTY WILL LEVY TAX

Court Hears Committee From Live Wires and City Council

That the county court will levy a road tax next year to provide funds for the operation of its own road program and to give the incorporated cities a chance to live without special measures being enacted to ward against a deficit, was the assurance given a Live Wire committee by County Judge H. S. Anderson Friday.

The committee instructed to wait upon the court was composed of O. D. Eby, W. A. Huntley and M. D. Latourette. During the day a committee of city councilmen also waited upon the court in connection with the subject of arranging for road taxation for next year and the same assurance was given. The latter committee comprised Councilmen Templeton and Tobin and City Prosecutor George L. Story.

Obituaries

Edmund Dhulst

Edmund Dhulst, infant son of Mr. and Mrs. R. Dhulst of Gresham, died at the Oregon City hospital Friday from a complication of infantile ailments. The body was at the Holman parlors and later was taken to the family home at Gresham, where funeral services were held.

AS PRICES RISE HIGH COST OF LIVING HITS THE RAILROADS

Service Will Be Crippled Unless Relief Comes Soon.

EXPENSES UP, RATES DOWN

Wasteful and Conflicting Regulations Hamper Railroad Credit. While Advance in Labor and Materials Outstrips Revenues, Chairman Kruttschnitt Tells Congress Committee. Unified Federal Control Will Improve Conditions.

Washington, April 2.—The condition in which the railroads find themselves as a result of constant increases in wages, prices of material, taxes and other expenses, while their revenues are restricted by legislation, was strikingly described by Julius Kruttschnitt, Chairman of the Executive Committee of the Southern Pacific Company, in his testimony during the past few days before the Joint Congressional Committee on Interstate Commerce, which is making a study of the question of railroad regulation. Mr. Kruttschnitt urged the committee to recommend a plan of regulation which will center responsibility for regulation and its results in the federal government, so that conditions affecting both expenses and revenues may be made subject to a uniform policy instead of the wasteful and often conflicting policies involved in the system of combined state and federal regulation.

Why Roads Need More Money.

Mr. Kruttschnitt's testimony also had a bearing on the reasons for the application of the roads to the Interstate Commerce Commission for a general advance in freight rates. He showed that while the price of transportation has declined in recent years, the cost of producing transportation, like the cost of almost everything else, has rapidly advanced. This he illustrated by showing that if freight and passenger rates had increased during the past twenty years in the same proportion as average commodity prices the railroads of the United States would have received \$1,654,000,000 more for transportation in 1915 than they did receive.

This saving to the public was effected, in spite of an increase of 93 per cent in the cost of operation of trains, by a reduction in the average passenger rate per mile from 2.94 cents in 1895 to 1.98 cents in 1915, a decrease of 33 per cent, and by a reduction in the average freight rate per ton mile from 8.33 mills in 1895 to 7.3 mills in 1915, or 13 per cent. During the same period the cost of operation per train mile rose from 92 cents to \$1.78, almost doubling. At the same time the average price of 346 commodities enumerated in a bulletin of the Department of Agriculture increased 115 per cent. Transportation is practically the only commodity in general use that has not increased tremendously in price during the past twenty years, freight and passenger charges being lower than they were twenty years ago.

Big Saving to Public.

If rates had risen proportionately to the increase in the cost of other articles of ordinary use, Mr. Kruttschnitt told the committee, the average passenger rate in 1915 would have been 2.35 cents a mile, or 50 per cent higher than it was, and the average freight rate would have been 1.21 cents, or 66 per cent higher than it was. The saving to the public in passenger fares through this difference was \$314,000,000 and in freight rates \$1,340,000,000.

Universal railroad bankruptcy under this reduction in rates and increased cost of operation, he said, was avoided only by heavy expenditures to obtain increased efficiency in train movement, making it possible to haul more tons of freight per locomotive. This had reduced the average cost of hauling a ton of freight, but the decline in the average freight rate had reduced the net revenue of the roads from each ton hauled. If the operating costs of the railroads, including the prices of coal, labor and material, continue to advance at the present rate a lot of railroads will be in the hands of receivers by 1918 unless some relief is afforded, Mr. Kruttschnitt told the committee.

"Owing to the rise of commodity prices," he said, "the purchasing power of the dollar has fallen 55 per cent and the railroads are in the position of being compelled by law to accept payment for their service to the public in currency worth 45 cents on the dollar."

Public's Chief Interest.

"The public's greatest interest is in adequate transportation facilities and not so much in low rates. As to most commodities freight rates form a very small proportion of their cost. Excluding low grade commodities, the percentage of the freight rate to the cost is so slight as to offer no justification for any substantial increase in prices to the consumer. It may be stated with little fear of contradiction that the consumer seldom, if ever, profits from a lowering of freight rates. "Extortionate charges are a thing of the past, and under the attempt to cut rates to their lowest possible figure the interest of the whole public in the character and standard of transportation is subordinated to the interest of that part of the public only that profits by lower rates—that is to say, the shippers and their agents and not the general public, the ultimate consumer."

paid \$12,000.00 for this name
Four People Receive \$3000 each

In our announcement last fall of the Eveready Contest for a better name than "Flashlight," we stated that if "two or more contestants submit the word selected the full amount of the prize will be paid to each."

We have made our selection without regard to the number of duplications. The word chosen was submitted by the four following contestants, to each of whom we are paying \$3000.00:

Mrs. F. C. Crow, 1219 2d St., N.E., Watertown, S.D.
Katherine W. Hand, 1501 Mulvane St., Topeka, Kan.
Miss J. M. Schulz, 239 2nd St., Union Hill, N.J.
Bertha A. Wilson, 413 Park Ave., Medina, N.Y.

The prize-winning word is DAYLO. It fulfills in a masterly way the requirements specified, viz.: a coined word that we can register as a trade-mark and a name easy to remember and entirely simple to pronounce. "DAYLO" suggests perfect light, and "LO" means "Behold!"—"See!"

The true significance, the living ideal of the reliability and service characteristic of our product will hereafter find its expression in the new name, Eveready DAYLO.

I wish I might personally thank each of the half million contestants and the millions of Eveready friends and users who have contributed so earnestly to the success of our search for a new name.

Sincerely,

Comad Hubert

Vice-President,
American Ever Ready Works
of National Carbon Co.

The product that has outgrown its name—"FLASHLIGHT"

HOLSTEIN HAS RECORD

More Butterfat Produced by Segis Fayne Johanna Than Any Other

The world's record for seven-days' production of butterfat is held by a purebred Holstein-Friesian cow, Segis Fayne Johanna, and is 50.68 pounds of butter; and the 30-day record, also to the credit of a purebred cow, Ormsby Jane Segis Aaggie, is 171 pounds butter and 3242 pounds milk. The Holstein-Friesian breed now has 18 cows that have produced above 40 pounds butter in seven days; while the list producing above 30 pounds butter contains 741 names. However, to emphasize the fact that Holstein claims distinction are not based on individual records, but upon a wonderful uniformity of productiveness, the reader is asked to consider the following:

During the fiscal year ending April 30, 1916, there were reported to the advanced registry office of the Holstein-Friesian association of America 11,868 short-time official records, over one half of which were made by heifers with first or second calves. The average seven-day production of these animals was 401 pounds milk containing 3.53 per cent butterfat.

EBERLY BRINGS SUIT

Says Cows Failed to Give Butter Fat in Proportion to Feed

In a long complaint filed Tuesday G. J. Eberly set out five cases of action against C. P. Tallman because of the alleged violation of a lease which Eberly entered into with Tallman and by which the former acquired the use of 120 acres of land in section 17, township 4 south, range 3 east. Eberly alleges that on March 18, 1914, he leased the tract from Tallman with the stock upon it subject to certain conditions demanded of Tallman.

Eberly now seeks to recover \$310 because cows upon the place were old and gave little butter fat in proportion to the amount of feed they required; \$459, because Tallman did not supply the farm with six head of cattle he is said to have promised; \$984, because horses furnished with the place were not fit for the work required of them and Eberly had to use his own team for farm work, and a total of \$84.99 for the two other causes of action.

The filing of the suit followed immediately upon the issuance of a writ of restitution signed by Judge Campbell through which Eberly was ousted from the farm and the property was restored to Tallman, the owner.

ALLEN INSTALLS OFFICERS

Banquet Follows Meeting. Williams is New Exalted Ruler

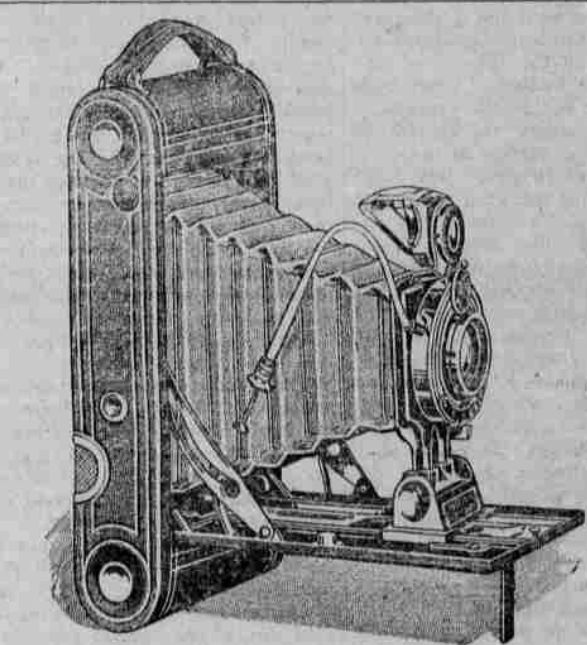

Harry Allen, past exalted ruler of Portland lodge, E. P. O. Elks, conducted installation ceremonies here Friday night for the Oregon City lodge, and was assisted by William G. McGinn of the Portland lodge. Following the installation Mr. Allen made a stirring patriotic address and a banquet was served at the Elks' club.

Officials installed were: H. E. Williams, exalted ruler; Judge Grant B. Dimick, leading knight; Philip Hammond, loyal knight; B. L. Beard, lecturing knight; George Swafford, secretary; E. A. Chapman, treasurer; John Risley, trustee; Edward J. Busch, tiler; J. G. Sawyer, chaplain, and Don W. James, esquire.

The No. 3A Folding Autographic Brownie

(Pictures Post-card Size)

You'll rub your eyes in pleased amazement when we show you this latest Brownie.

The thinness and compactness of construction, the improved loading feature, the rounded camera corners—here's new Brownie efficiency.

Autographic, of course, all the Folding Brownies now are.

Price \$10.00
(Other styles \$1.25 up)

Huntley Drug Company

The Rexall Store Kodak Headquarters

cruits since it was opened nearly two weeks ago and unless a better record is made this week Captain Kerstetter, in charge of the office, will probably recommend that it be closed.

In less than two weeks more than a score of Oregon City young men have applied for commissions in the officers' reserve corps. The applicants for commissions are mostly young men without military experience and of the class of men, Captain Kerstetter intimates, who should be filling up the ranks of the 3rd Oregon infantry.

Sues on Promissory Note

John Honebon Friday brought action against Sara A. and Charles R. Spaekman and others to recover on a promissory note for \$2000, dated at Portland on November 1, 1914, and secured by a property mortgage. The complaint asks that the mortgage be foreclosed.

A suit brought by the Portland Flouring Mills company against Ferris Mayfield to collect for a bill of merchandise, was dismissed by Judge Campbell Monday.
