

GOETZ WILL REMAIN

Strife in Milwaukie Schools Causes Many Resignations on Staff

Friction in the Milwaukie school system is held responsible for the resignation of four members of the teaching staff and the threatened resignation of the city superintendent, Robert Goetz. The trouble, it is said, is from the outside rather than being among the members of the staff. Late last week four teachers, S. S. Chambers, manual training instructor; Miss Emmel, Miss Hamilton and Mr. Thompson, presented their resignations and they were promptly accepted by the school board. At the same meeting the board dropped G. F. Grubbs and Mrs. Wade of the high school staff because there will be no need for so many instructors, in the board's opinion.

Superintendent Goetz threatened to resign, it is said, unless outside influences kept their fingers out of school affairs. He has reconsidered his threat, however, and has been elected for another year.

To fill the places of the teachers whose resignation were accepted, Ester Krupke of Portland and Bertha Harberson of Rainier have been selected for the grade school staff and C. W. Burt, principal of the Beaverton schools, will succeed Mr. Chambers as manual training instructor. A successor to Mr. Thompson has not been selected by the board. Teachers in the school who were re-elected are Kate Casto, Annie Young, Elizabeth Minturn, Blanche Jefferys, Olaf Mickey, Louise Connor, Lydia Huddleston, Audrey Ohmart and Agnes Campbell.

Had Trouble Four or Five Years

No one appreciates good health like those who are ill. W. J. Furry, R. F. D. 2, Salem, Mo., writes: "I have been bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicines, but nothing did me any good until I got Foley Kidney Pills." Many persons suffer from kidney and bladder trouble when they can be relieved. Backache, dizziness, rheumatic pains, stiff or sore joints and other symptoms yield to Foley Kidney Pills.—Jones Drug Co.

CHERRYVILLE

A little patch of sunshine now and then.

We are all sun-worshippers now and do "Old Sol" reverence whenever we can catch a glimpse of his face.

The mill at Marmot is now moving over on this side of the river near the Brightwood school house. They will run their railroad ties down the river and through the flume and tunnel to Bull Run. They expect to make a permanent camp there, as there is timber enough in that vicinity to run them more than 10 years. They are now building a bunk house and cook house and other buildings for their help and families. They will employ 30 men.

Fish are now being taken at the dam, but on account of the high water, which permits the fish to run up the creek, a great many are not taken yet, although a big run is expected when the river falls.

Everybody is talking about the war, which has created a great deal of excitement all over the country, and so many men being called to arms will cause a great shortage of help and higher wages for everybody, which they need badly with flour near \$3 a sack and potatoes \$3 a hundred.

MOTHER WANTS DIVORCE

Three-Weeks-Old Babe Involved. Zellers are Separated

Lora B. Catho, mother of a three-weeks-old baby, on Saturday filed suit in the circuit court here for divorce from Frank Catho. She charges cruelty and alleges that her husband frequently struck her. They were married at Oregon City on September 11, 1909. Mrs. Catho asks for \$20 alimony and \$60 attorney fees, and has secured an order from Judge Campbell attaching deposits in Portland banks held in Catho's name.

Judge Campbell on Saturday signed a divorce decree separating Martha A. W. Zeller and Richard L. Zeller. Mrs. Zeller has restored to her the name she had before marrying Zeller, Martha A. Welb.

Notice to Contractors

Plans have been completed and the Willamette Valley Chautauqua association will receive proposals for the erection of an auditorium building to be constructed on the Chautauqua grounds at Gladstone, Oregon.

Plans may be obtained at the office of W. F. Tobey, 429 Henry Building, Portland, or from H. E. Cross, Oregon City, Oregon, Beaver Building.

Bids to be received on or before April 20, 1917.

The building is to be 100x160 and of frame construction.

The right is reserved to reject any or all bids.

W. F. TOBEY, Architect.
H. E. CROSS, Chairman Chautauqua Building Committee.

BRIDGES ARE GUARDED

Southern Pacific Company Pays Bill for Corps of Deputy Sheriffs

Twelve deputy sheriffs were appointed by Sheriff Wilson Friday at the request of the Southern Pacific company, which will pay the men for their work. The corps of deputies is used to guard the company's bridges in this county, and will watch the crossings night and day until further orders.

The Clackamas river bridge is guarded by C. F. Burke, C. E. Murray and C. A. Frost; at Pudding river are stationed J. W. Hudgens, Joseph Gaba and C. W. Nichols; at Molalla are August Wilson, D. A. Dimick and W. C. Kendall, and at New Era Charles Riebs, A. J. Surber and William Robinson.

LARGER ARMY PLANNED

Senate Passes Important Bill. Army to Have 287,000 Men

The army appropriation bill, carrying \$278,000,000 for the existing regular army, was passed Wednesday by the senate, amended so that it becomes immediately available.

Secretary Baker, concluding his testimony before the house military committee, announced that he had decided after consultation with army officers to take immediate advantage of the authority to increase the regular army by all the increments authorized.

Under the present plan the war department will immediately increase the regular army to its full complement of 287,000 men, instead of 203,000, as was contemplated. This increase is wholly apart from the new army to be authorized by selective conscription.

A resolution authorizing the president to call for 1,000,000 volunteers was introduced in the senate Wednesday by Senator Sherman, republican, and laid on the table at his request without debate.

To fill the immediate need for properly trained officers, the administration intends to establish a number of civilian training camps for officers in various parts of the country, similar to the Plattsburg camp. Prospective officers will be organized there in companies or other units and given three months of drill before being commissioned in the officers' reserve corps. Those selected for commissions then will be assigned to the regular army.

GRATTON HOSTS PAY

Coakley and Harris Find Liquor Sales in Dry Times Costly

The state will collect a total of \$6000 because Miles Coakley and Ed Harris, former proprietors of the Hotel Gratton at Milwaukie, violated the prohibition laws. Coakley and Harris appeared in Judge Campbell's court for trial Tuesday and stopped the case by a sudden change of plea.

Previously the pair had pleaded not guilty to the two counts against them in the secret indictment returned by the recent grand jury. Tuesday they pleaded guilty and threw themselves upon the mercy of the court.

The court's mercy was the assessment of a \$300 fine against each of the men, in addition to costs in the sum of \$17.60. Each was required to pay \$100 as the first installment of the fine and will contribute \$5 each week to the balance.

"HER FRIEND THE ENEMY"

Y. P. I. and Library Benefitted from Amateur Production

The Young People's institute and the public library benefitted from the production of the Civil war drama, "Her Friend, the Enemy," at the Shively opera house Monday evening. A number of local amateurs composed the cast for the plays and was assisted by the high school orchestra, under Professor Gustav Flechner, the high school girls' quartet and Miss Morieta Hickman, who sung "The Star Spangled Banner." The Girls' Honor guard and the G. A. R. veterans were special guests. Sunday school workers from the Presbyterian, Congregational and Baptist churches sold candy at the performance.

FREE FISHING

Pioneers Are Not Required to Pay for Game Privileges

In view of the numerous inquiries which have been directed to her office, County Clerk Harrington has asked the Courier to point out the fact that Oregon pioneers are not required to pay for hunting and fishing licenses within this state. All residents of Oregon who have been in the state since 1860 are subject to receive free hunting and fishing rights, according to advice Miss Harrington has received from the state fish and game commission. Application, however, is necessary and a form license will be given to such as are entitled to its use.

MANY ARE MARRYING

Five Licenses on Tuesday are Result of War Cry Over Land

With the war admittedly a spur to their matrimonial intentions, five young men Tuesday secured marriage licenses in County Clerk Harrington's office.

Licenses were issued to Anna Tomczewski and Fred H. Krueger, Oregon City; Blanche Trullinger and Mark Hungeate, Molalla; Edith Arnold and Elmer M. Mortrud, Portland; Frances Karlik and G. Edwin Ekerson, West Linn, and Mary Stewart and Milton White, Oregon City.

Denny Enters Plea

Martin Denny, a partner in the management of the Friars' club at Milwaukie, Friday pleaded not guilty to charges of violating the prohibition laws. His trial was set for April 16, when Larry Sullivan, the other partner, will also be tried. Sullivan pleaded not guilty on Thursday. Miles Coakley and Ed Harris, who were to have pleaded last Friday, will not be heard until tomorrow.

Workmen Erect Flag

Bridge workmen in the employ of the railroad company and who are stationed in Milwaukie spent Sunday in erecting a big staff and raising old glory. The pole can be seen near the trestle in the southern part of town where their cars in which they reside are sidetracked. These men, away from their homes and families, are an example of the patriotic citizenry of the United States.—Milwaukie Press.

The "Back to the Farm" movement will receive a great stimulus from the approval of the good roads bond bill at the special election June 4th.

GIRLS BECOME FARMERS

Guard Will See to Cultivation of Vacant Spaces. Paper Day Coming

"Feed America First," was the slogan of a new movement for agricultural preparedness undertaken by the Girls' Honor Guard at its meeting at the Commercial club last night. The young women of the city, with a communication from Secretary Houston of the department of agriculture as an inspiration, will endeavor to secure the aid of the Boy Scouts and the men of the city in seeing to the cultivation of all vacant property in the city. It is planned to have the men do the plowing, but the planting and cultivating will be done by the girls themselves.

At the meeting last night the Guard aroused considerable interest in the "paper day" program for the month. The Crown-Willamette Paper company has agreed to designate the last Saturday of each month as paper day and to buy all the old paper the girls can deliver to the mill. B. T. McBain, manager of the mill, has called for a maximum of 40 tons of paper for the first day and agrees to pay the girls \$8 a ton for that amount.

In connection with their farming ambitions the girls of the Honor Guard will call upon Mayor Hackett and the city council for permission to use vacant city property for gardening purposes. Property owners whose land is idle will also be asked to assist to the extent of donating the ground.

POMONA GRANGE MEETS

Will Aid in Food Crisis. Resolutions Oppose Bonds

Delegates from 18 Clackamas county granges assembled at Pomona grange yesterday at Maple Lane to talk agricultural preparedness and to go on record as against the proposed issue of \$6,000,000 road bonds. One hundred members of Pomona grange were present during the all-day session.

Grange workers urged the adoption of extensive plans to ward against any possible food shortage during the year in which America may be at war. Discussion of plans for carrying on extensive cultivation was a feature of the meeting. The women of Maple Lane grange served a dinner at the noon hour. Matt Glover, master of Pomona grange presided at the meeting.

The proposed road bonds, speakers said yesterday, were but the forerunners of a long series of bonding issues that would be put before the people and partly upon that premise resolutions of condemnation were adopted.

HOTEL MEN JAILED

Bondsmen Surrender Coakley and Harris to Sheriff Wilson

Surrendered by their bondsmen, Ed Harris and Miles Coakley, former proprietors of the Hotel Gratton at Milwaukie, spent last night in the county jail. Joseph Hochfeld and Isaac Holzman had guaranteed the former Gratton hosts, but promptly turned them over to the sheriff when it was discovered that the bonds held also as a guarantee of fine money, it is said.

Coakley and Harris were arrested on secret indictments returned by the recent grand jury and in Judge Campbell's court on Tuesday they entered a plea of guilty. The judge fined each \$300 and collected \$100 from each at once. The balance was to have been paid at the rate of \$5 a week. The pair appeared before Judge Campbell yesterday with a plea for leniency and falling at that are today attempting to secure new bondsmen.

LEAGUE WILL MEET

Honor Guard and All Patriots Called to Elks Club Tonight

The first meeting of the new Preparedness league will be held this evening at the Elks' club with H. L. Kelly, temporary chairman, presiding. The organization of the league will be completed and officers elected. A constitution and by-laws will be considered and voted upon. The Girls' Honor Guard has promised to report in force and to aid in conducting the patriotic program. The league is to consider the matter of forming an auxiliary chapter of the Red Cross society in this city. A special request for the attendance of all patriotic citizens has been made by Mr. Kelly.

Jury Panel Called

County Clerk Iva Harrington has sent out the call for the April jury panel and the 30 men selected will appear at the court house on Monday. The grand jury for the term will be selected from the panel. In discharging the March jury several days ago Judge Campbell took occasion to deliver a stirring patriotic address, pointing out the duty of every citizen toward the nation in this time of stress.

Mr. and Mrs. Caulfield Return

Mr. and Mrs. C. H. Caulfield returned yesterday from a sojourn in the Hawaiian islands after a vacation of two months. They covered the islands thoroughly and bring many interesting stories from their trip. Mr. Caulfield until the first of the year was president of the Bank of Oregon City and soon after his retirement from that institution started on the tour to the islands.

Desertion Charged

Mrs. Elizabeth Hughes this morning filed suit for divorce from her husband, John Hughes, to whom she was married at Vancouver, Wash., on March 19, 1915. Less than a year after the wedding, Mrs. Hughes alleges, her husband deserted her and has not returned to his home since that time. She also makes non-support a ground of action. There are no children nor property rights involved.

HURST SUIT REVIVED

Judge Campbell Notes Error in Procedure and Sets Aside Nonsuit

The action of W. S. Hurst & Co. against William Morey was revived in the circuit court yesterday when Judge Campbell set aside an order for nonsuit heretofore granted and allowed a motion for new trial on the ground that there had been an error in the procedure.

A potato contract was involved in the suit filed in the justice court, where the Hurst company secured a judgment of \$103.50. Morey appealed from the judgment to the circuit court and there Judge Campbell allowed a nonsuit.

Says Statement False

Oregon City, April 11, 1917.

To the editor of the Courier:

I am informed that C. E. Spence master of the state grange, made the statement at Carus, at the road meeting on the evening of April 5, in effect that the committee of 12 appointed by the Commercial club of Oregon City were being paid by the Warren Construction company. So far as I am concerned, if he made such statement, he deliberately lied, and I am willing to back up the rest of the committee to the same extent.

Very truly yours,
JOHN F. RISLEY.

VOLUNTEERS FAVORED

Senator Chamberlain Says Our Boys Want Foreign Service

Senator Chamberlain is in favor of raising the maximum number of troops through volunteering, before applying conscription, or the selective draft system which Secretary Baker is insisting shall be authorized at once. The senator believes that not enough men to meet the situation can be raised by volunteering, but he would favor fixing by law or otherwise a definite time in which a specified number of volunteers must be raised.

If that number does not volunteer in the time named, he then would apply conscription to raise as many more as may be needed. He thinks it would be impossible to raise a million men by the volunteer system. Tuesday night Senator Chamberlain, with others, conferred with Colonel Roosevelt. Wednesday he expressed approval of the Colonel's plan to raise a large volunteer force, adding:

"Colonel Roosevelt made it plain to us that he was squarely backing the president in this matter, and that he believed in hitting hard and quick. He told us of his plan to organize a division. He could raise more volunteers than any other man in this country. For my part, I would allow him to raise a division or even more. He could get 100,000 volunteers in two weeks."

Senator Chamberlain is convinced that men would volunteer much more readily if they knew they were going on foreign service. "Our boys want to fight. They don't want to lie around in camp," said the senator.

William Schultz, aged 60 years, Tuesday applied for a final certificate of citizenship. Mr. Schultz is a native of Leipzig, Russia, and has been in America since June 2, 1892. He is the father of seven children and is a laborer.

FLAG RAISING PLANNED

Girls Will Ask For Public Rest Hour and Celebrate Raising

Mayor Hackett will be called upon as soon as the weather in Oregon City resumes its normal state, to proclaim one hour during some day as a public rest hour and the Girls' Honor Guard hopes to be able to utilize the time to good purposes. The Guard will make a public ceremony of the raising of the flag given to it by the Spanish war veterans at the recent mass meeting. The banner is to be erected over the fire tower at the foot of Seventh street on the hill, where it can be seen from all parts of the city, and the ceremony will be abetted by band and vocal music.

Jerseys Bring \$100 Each

Under the auspices of the American Jersey Cattle club, 35 head of stock were sold at auction in Oregon City yesterday and the gross return was \$3500, an average of \$100 a head. The stock was owned by W. G. Smith of Hood River and J. B. Hyde and W. S. Turner of Portland and was purchased mostly by buyers from other parts of the state.

Cheap Skates

The user of printing who patronizes the printer whose sole inducement for patronage is a low price, stands about as high in the estimation of that printer as does the printer in the customer's estimation. Each looks like a "cheap skate" to the other.—McCormack Press (Wichita) Impressions.

Suit Against Levitt Stopped

Judge Campbell on Saturday dismissed the case of the state of Oregon against J. Levitt for lack of prosecution. Levitt was indicted several years ago and the case has been hanging over his head without an effort at settling it.

Spring Colds Are the Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tame your system up with a regular course of the liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well. Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.
