**RESULTS OF MILK CONTEST**  
State Commission Reports Oregon City as Having Perfect Dairies  
Oregon City and Clackamas county have just reason to feel proud of the showing made by the dairies of the city and county in the recent statewide contest conducted by the state dairy and food commissioner, M. D. Mickle. The results of the contest show that Oregon City supports three dairies that score between 95 and 100 per cent, while there is no other in the state thus far tested. The cities where dairies have been inspected and scored in the contest are Albany, Ashland, Corvallis, Grants Pass, McMinnville, Medford, Salem and Oregon City and in no one of these cities except Oregon City does a dairy score above 95 per cent.  
Heretofore, the dairies have been inspected and scored, also samples of milk have been taken and analyzed for the butterfat content and to determine as to whether or not it was adulterated. Besides making an inspection of the dairies, and an analysis of the milk, in this present campaign, the milk is scored on the basis of 100 points as perfect, subdivided as follows:  
Bacteria ..... 35 points  
Flavor and odor ..... 25 points  
Visible dirt ..... 10 points  
Fat ..... 10 points  
Solids not fat ..... 10 points  
Acidity ..... 5 points  
Bottle and cap ..... 5 points  
Total ..... 100 points

A bacteria count is made to gain information as to how the milk has been produced, handled and kept. This part of the campaign work is being conducted by C. F. Hoyt of the dairy division of the United States department of agriculture, with headquarters at Salt Lake City, Utah.  
While dairies in such cities as Salem score as low as 55 per cent, Oregon City has none below 90 per cent perfect. As a matter of record in the bulletin just published by the commission, Salem has only two dairies scoring more than 90 per cent, and McMinnville has none above 90 per cent.  
The commission's bulletin gives the following scores for Oregon City dairies: Score 95 to 100—Mt. Pleasant dairy, E. Frey; J. W. O'Donnell; West Linn dairy. Score 90 to 95—Cloverleaf dairy, Greenpoint dairy, Hazelwood dairy, W. L. Jewell, August Lane, Maple Springs dairy, S. E. Phillips.

# Brighter and Happier Hours in Your Kitchen

How can you make the hours spent in your kitchen **BRIGHTER and HAPPIER?**  
Cooking is not **REALLY** drudgery.  
There is real satisfaction in being able to make good bread, or cake, or biscuits.  
**DOING THINGS WELL** is a very great happiness in itself.  
The most agreeable tasks are those that bring certain results. And when you can **SEE** these results for yourself and **SHOW** them to others, you are justly **PROUD**.  
Why, then, are you sometimes disheartened because you must spend at least **PART** of your time in a kitchen?  
Why do you sometimes almost wish that **STOVES** had never been invented—or that **YOU**, at least, might be released from having anything to do with one?  
**WHY?**  
**Ask Yourself These Questions—**  
Is not my frequent distaste for the kitchen due to the fact that my kitchen is often hot and stuffy?  
Is it not the accumulation of **DIRT** and **SOOT** on pots, pans and stove that discourages me?  
Might not **ONE** cause of unhappiness be the **STOVE** itself?  
Isn't it heat and the dirt that comes from the **STOVE** itself?  
Isn't it heat and the dirt that comes from the **STOVE** that gives me back-aching worry?  
Might not the elimination of these "stove worries" also eliminate my **FAILURE**?  
Might it not make possible much greater success with my cooking, thus assuring me real and lasting happiness in my everyday house-work?

It would pay you to find out what **ELECTRIC COOKING** will do to put an end to these failures and relieve you of the uncertainties and discouragements of your kitchen hours.

Southern Pacific Booklet Does Justice to State's Scenic Resources  
"Oregon is a land of outdoor delight. It is a land of cloud-crowned sentinel peaks, mountain born and glacier fed streams, vast forests, beautiful water falls, picturesque rivers, brook-fed valleys, rugged pinnacles and palisades and wave-washed headlands."  
With that paragraph as an introduction, the Southern Pacific company has just issued a beautifully illustrated folder, "Oregon Outdoors." The publication is designed to attract travel to the highways and byways of Oregon and if it fails in its purpose it will not be from an absence of delightful description and splendid pictures. The pamphlet contains considerable interesting matter about Oregon City and the Willamette river as well as other streams and places about the county. The fishing advantages are especially praised.  
Probably the most striking feature of the folder is the colored reproduction of Crater lake on the center page. It shows the natural color of the water of the wonderful lake. Crater Lake lodge is shown on the rim of the lake.
